NSC BRIEFING

4 February 1954

CORRECTION TO
INDOCHINA MILITARY SITUATION

French reserve in the Delta; according to the latest information, is 12 battalions, rather than 19.

In yesterday's outline, point I-D should be reworded:

"French have sent 6 battalions from Delta reserve to Luang Prabang, making total of 14 now there and guarding approaches. Only 12 reserve battalions are now left in Delta."

In point III-A, the figure should be changed from 19 to 12.

The reduction by seven is accounted for by the six going to Luang Prabang and one to Thakhek.
